

# **Launch of PPPoE Services Compatible with “FLET’S Hikari Cross\*” and “FLET’S Hikari Cross Biz\*” in Okinawa Prefecture**

— Enhancing Customers’ Network Environments Through High-Quality PPPoE Connectivity —

GLBB Japan Inc. (Head Office: Chatan, Okinawa Prefecture / Tokyo Branch: Minato-ku, Tokyo; Representative Director: Craig Watson; hereinafter “GLBB Japan”) is pleased to announce the launch of PPPoE services compatible with “FLET’S Hikari Cross\*” and “FLET’S Hikari Cross Biz\*,” optical fiber services provided by NTT East Corporation (Head Office: Shinjuku-ku, Tokyo; hereinafter “NTT East”) and NTT West Corporation (Head Office: Miyakojima-ku, Osaka; hereinafter “NTT West”), in Okinawa Prefecture.

This service has been well received and has a proven track record as a high-quality connectivity solution for corporate networks, supporting IPv4 connections and fixed IP addresses, while offering strong compatibility with existing environments and flexible connection options to meet diverse operational requirements.

In addition to being available on a per-project basis, the service is designed to be easily integrated into the service architectures of system integrators, telecommunications carriers, and sales partners. Consultation regarding resale, agency agreements, and referrals is also available.

Furthermore, this service is available to individual customers as well, and has been favorably received by gamers, streamers, and remote workers seeking stable, high-quality network connections.

The available areas for GLBB Japan’s various FLET’S Hikari PPPoE services are as follows:
